Michael – I received a text message from Rich last night, and he said that he was taking care of some personal items on Friday and could not promise that he would have time to complete this task on Friday. I am going to send a message to Marian to see if she is available today (Friday) to talk with me. In the meantime, I will ask Mina to compare the hypothetical groundwater: **Ex. 5 Deliberative Process (DP)**

I did want to confirm that:

Hi,

Sorry for the sudden request. Below are Kathryn's comments on the proposed plan and my thoughts are in RED. Can WSP confirm these with respect to the FS and provide any corrections/clarifications?

The sooner the better because Marian and Chucks comment nearly all done and Kathryn is out tomorrow. I hope to forward the plan to ORC and Chloe earlier than expected. They will have an extra day before the holiday to complete their review.

Thanks!

Josh

Thanks,

Josh

Hi Everyone,

Please see below for a link to the proposed plan. Some of the formatting still needs to be refined so it wont look as nice as the final product but this should not interfere with your review. Please let me know if you have any questions.

Hi Everyone,

It looks like I won't be able to complete the draft proposed plan for you by COB today so please plan to start your review tomorrow. You will then have 4 days to review and submit any comments on **Friday 6/26**.

I will happily accept any and all comments on the proposed plan but, if possible, it would be helpful if you can provide some suggestion on how to resolve your comment (i.e., suggest some language, reference a helpful document, suggest a person to talk to, etc.).

Also, I will be sharing a one drive file so everyone can comment on one document and we can better collaborate on resolving your comments. Since we won't be emailing the document back and forth, please let me know when you have completed your review. If any significant concerns arise from your review or if you feel we need to have a meeting please let me know as soon as possible.

I know we are moving very fast and this process is not the best but I appreciate everyone accommodating our schedule for this project and trying to make this work.

Let me know if you have any concerns or questions.

Thank you,

Josh

Hi Everyone,

For the next few weeks we will be moving very fast and I want to let everyone know where we are at with the proposed plan so that you can plan your review. Also, as a reminder, please submit your comments or suggested edits on the FS by Wednesday (6/17).

For reviewing the proposed plan, you all will be the first level reviewers, then it will go on to Chloe, ORC (Doug and Sarah), and Michael. Then it will go to HQ and the state for their review. Each review period will be very short and I hope to incorporate comments relatively quickly in order to stay on schedule for the ROD. So please bring up any significant issues immediately during your review and we can discuss. Also, I will share the online version of the document so everyone will be working/commenting on the same version.

The proposed plan is expected to be drafted by Monday or Tuesday next week. Much of the content will be pulled from the FS so it should not be new information. Please plan for a 4 day review period. I would like to turn it around and get it to the next set of reviewers by the end of next week or early the following week.

Let me know if you have any questions. Thank you for working with me and this crazy schedule.

Thanks,

Josh
